ARTURO ERNESTO ROMO

"Unusual Group 1979" is a 2006 color photograph by Arturo Ernesto Romo.

His allegiance is to the unusual

Local artist Arturo Romo's latest installation is like an old-school cabinet of curiosities that takes on a contemporary hyperactive bent. **"Vast Arcade Los Angeles"** features wall drawings, texts and video, along with oddball trinkets that reflect the randomness of the city and its surroundings. Running concurrently at the gallery Kalup Linzy's solo exhibition **"All My Churen."**
